About the Marina:

Marina Alimos which is also known as Marina Kalamaki is the largest Marina in the East Mediterranean and it is located South West of Athens 15km from the city center and 35km from El.Venizelos International Airport.

How to reach the Marina:

Marina Alimos is served by a dense transportation network of Trams, Buses and Taxis with stations 500 meters from the Marina. In order to reach the Marina from Athens International Airport, El.Venizelos, there are 3 ways:

- I. The public bus runs 24hours every 20-30 minutes. Name of the bus is **X96** and it takes approx. 60 minutes to get to the Marina. The bus stop is outside the Marina and it's called "EDEM"(ask the bus driver for help). Ticket costs Euro 6.00/person and can be purchased by the bus driver.
- II. The metro (subway) which will take you to **Syntagma Sqr.** in the city centre. From there, you may get the Tram Line to **Pikrodafni** stop, just outside the Marina Alimos entrance (right next to the Shell gas station). The metro runs every 30 minutes from 05:30 till midnight on a daily basis. The ticket costs Euro 6/person and it covers the change of the Tram Line. For further information on timetable, please visit www.amel.gr.
- III. The taxi which is the most convenient way to reach the Marina. There are plenty of taxis just outside the airport. A regular taxi (maximum 4 persons) costs Euro 40-45 and it takes approx. 45 minutes.

Meeting Point :

OrtsaSailing team will wait for you at the middle of pier 8 where our yachts are based.

Moorings:

Kindly bear in mind that you should return the day before disembarkation by 19:00.

When returning, go stern-to! Do not use anchors! Mooring lines are available.

Our staff will be there to guide you and help you moor safely.

Facilities:

Water and offshore electricity 220V power are available on the pier without extra cost. Fuel is delivered at the pier by a fuel wagon/car at the end of every trip.

Also, there is a car parking area in several places around the Marina but it's unguarded. Public showers and toilets are also available at the marina, ask our staff for guidance. **Please beware of your personal belongings when you use the showers & toilets.**

Provisioning: There is no supermarket in the Marina, therefore you may either do your shopping online on spot, or we can take 2-3 of your crew members by car to the local super market we shop, free of charge. You can also send us a provisioning list in advance so that you have everything delivered to your boat!
