Lefkas Island Introduction

Lefkas (or “Lefkada”) is one of the Ionian Islands, and connects to the mainland by a long floating bridge. Lefkas boasts the typical Mediterranean climate, warm summers and cool winters. Fighting the island’s hot summers, you can enjoy the sea breezes blowing, cooling you down during the sunny days.

Lefkas is the most successful combination of mountains and sea. Even if it is a hilly island, you will find a vast variety of beaches, as well as the beautiful little island of Meganisi, the ultimate paradise on earth. Around the coasts off the island you will find many bays, however in the beautiful Port of Lefkas, is where you will find us “**Ionian Catamarans by Patras Yachts**” ready to help you make your dream sailing holidays come true!

Preparation procedures

Before your arrival in Lefkas, there are some preparations to be done, in order to organize your charter in the most convenient way.

✚ Passport copies/Sailing license

We will need the passports and skipper licenses of the Skipper and the Co-Skipper, and the passports or ID copies of the rest of the passengers.

✚ Crew list/Contact Numbers

The soonest you will be able to send us your crew list the better! First via e-mail a small period of time before the beginning of your charter, and then we check it again at the office. Your crew list, should have the full names of all the passengers, as well as their passport or ID numbers. It would be very useful if we you could send us at least two phone numbers, we could contact if needed.

✚ Extras/Special Requirements

From the time that you book your charter, we can provide you some special requirements such as, outboard engine, canoes, railing net and many more. If you decide that you need something extra than the ones that we agreed, a provisioning list for example, you can send us an e-mail prior to your arrival, so we can take care of it.

✚ Arrival/Departure information

An estimated arrival or departure time of our clients is always a plus. If we have your arrival information, we will be able to organize your charter better. You can send us the time your plane arrives, or if you use other means of transport, around what time you are planning to reach us, so we can have your boat ready the time that would be more suitable for you. Regarding your departure information, knowing the time our client departs can also help us organize our check out program, giving priority to those that leave earlier. We can also arrange transfers for you either on your arrival or departure day.

Arriving in Lefkas

With your arrival in Lefkas, the first thing to be done is your arrival in our office. We can arrange for you either transportation by minibus or taxis, and we will need your arrival time, your location and the number of people. If you choose to come by plane, we must have the arrival time of the flight, flight number and number of people. If you reach us using the ship from Igoumenitsa, we will need the name of the ship, estimated time of your arrival and number of people. We remain of course at your disposal in any occasion.

Arriving at Port of Lefkas

Our staff will be expecting you in **Ionian Catamarans by Patras Yachts** office. (map link below)

<https://www.google.com/maps/d/u/0/edit?mid=1stIkxvJfRgYk7MTmNFnTPGxHGSDDGJdR&usp=sharing> .

You can leave your luggage outside the office, if for any reason you are not ready to set sail yet, and be free to enjoy a walk at the port and in the main streets of Lefkas Town, where you can enjoy your lunch or your coffee.

Regarding the documentation, or “paperwork” procedure, it is the first step closer to your holidays. We will check your crew list, skipper licenses, contact numbers, and complete the on-spot payments that concern the cleaning fee, the deposit/damage waiver (if you wish for a damage waiver we must know beforehand), and any extra you might ask (outboard, SUP, WiFi, etc.).

Moving on to the next step, you will be able to get on board, do your shopping, and get comfortable. Our staff will proceed with the check in the soonest, and will answer to all your questions.

Late arrival

In case of late arrival, our staff will wait for you approximately until 20:00. Your yacht will be unlocked for you, with its keys in cockpit, cleaned and equipped for anything you might need until the next day (water, toilet paper, etc). The documentation and check in procedure will take place next morning.

✚ Before you depart from the Port be sure to have the papers of the boat, along with a copy of the charter contract and the crew list. We will give them to you as soon as the check in procedure is completed.

Lefkas Base

Check in/Check out Details

Check in time: 17:00

As soon as we complete the paperwork in the office, your boat awaits you shiny and clean! Before setting sail, you will do the check in with our experienced staff, in order to get to know your yacht a bit better. We will show you anything you might need and we will complete the inventory together. After checking that everything is in place, you are ready to go, and we remain at your disposal with mechanical support anytime you have a problem! We can guarantee that all our customers will be on board until 17:00 the latest, however if you inform us that you arrive at the Port quite early, we can arrange the earliest possible embarkation.

Check out time: 09:00

Your holidays are coming to an end, and it is time to come back in the Marina. We will need you to return one day prior to your last day (ex: Friday – if you leave on Saturday) in order to be able to do the proper check out procedure with us. The suggested time is around 15:00 to 16:00 in order to refuel on time. Another reason is that our diver, who will check your boat under the surface of the sea, the hulls and propeller of the yacht, needs broad daylight to ensure that everything is as it should be. We want every customer to be safe, from the start of the summer season until the end, so thorough check is essential for us.

Departing from Lefkas

We kindly ask every customer to leave the boat at 9:00 on their departing date, in order for us to prepare the yacht for the next clients. Before departing, we will need you to come by our office **Ionian Catamarans by Patras Yachts**, to settle any issue that may have been left open (for example the return of the second receipt of security deposit), and talk about your experience with us. You can complete a Note Delivery, rating our services and our yacht conditions, and help us become better.

We would like to inform you that our staff will take the papers and the keys of the boat as you return.

We can arrange you a transfer either via minibus or taxi, picking you up from your boat, or from the office.
