MARINA D'ARECHI - SALERNO

Marina d'Arechi is the largest marina of its kind (with 340,000 square meters of water basin dedicated to boaters), as well as being the most modern in terms of quality of service and safety standards and the most environmentally friendly, thanks to the use of natural materials: 1.2 kilometers of breakwaters in natural rocks mounted in mosaic; flooring of the pier in recycled wood; eco-sustainable furniture and cutting-edge systems for recycling water and waste.

Marina d'Arechi is more than a port, it is a seaside village, a fascinating and unparalleled nautical destination.
