Arrival

To be able to give you the best possible service, our base manager needs to know at what time you expect to arrive. Please inform him at the contact information above as soon as possible.

Parking

We offer camera-surveilled parking inside our base for 17€ per night. This needs to be booked in advance to get space. The marina is often packed with cars.

Service in Saltsjö Pir Marina

Toilets, a restaurant and camera-surveilled parking. If you want to go shopping, the supermarket is 10 minutes' walk away. If we have time, we will help you with the transport from the shop to the marina. Please notice that there is no alcohol in ordinary supermarkets. For further questions, please contact the base manager.

Also notice that it is not possible to refuel diesel or emptying the waste tanks in marina. This needs to be done before heading back to the base and instructions about this will be found in the yacht but will also be given to you during check in.

Check in

When talking to our base manager you will get a status about when your yacht is ready. If not paid extra for early boarding - we can't guarantee a check in before 17 pm. If early boarding - your yacht will be ready no later than 12 am.

While waiting for your yacht, you could either go shopping, explore nature close by or grab something to eat or drink in the restaurant that is in the marina.

When your yacht is ready, you will first pay for optional extras such as a dinghy, outboard engine, bed sets and parking. You will also pay your deposit. Then we will have a quickgoing through of the yacht before you can leave the base and start your vacation.

Route suggestions should have been sent to you by our base manager, but we can of course give you even more suggestions before leaving the marina.

Further information will be given to you as you arrive at our base. If you have any questions - don't hesitate to contact us and don't forget to give the base manager an estimated arrival time for best possible service.

See you soon // Yachtcharter Crew
